

FK6-200T

Basic information

Model

FK6-200T

Rated speed:

1900rpm

Power:

276kw

Displacement:

10388ml

Maxi Driving Speed:

89km/h

Load capacity:

30000Kg

Detailed data

► Engine

Model:	YC6MK375-33
Fuel type:	Diesel
Displacement:	10388ml
Power:	276kw
rated speed:	1900rpm
Maximum torque/ maximum torque speed:	1750N. m/1100-1500rpm

► Other information

Rear axle:	300,16000*2Kg
Carframe:	300
Tyre size:	12. 00R20,10
Fuel tanker capacity:	400L
Overall dimensions (L/W/H):	8775mm*2550mm*3450/mm
Wheel base :	3850+1350mm
Max speed (km/h):	89km/h
load capacity:	30000Kg
Cluteh :	430 diaphragm clutch
Service brake:	Dual circuit compressed air brake
Parking brake:	
Spring energycompressed air operating on rear wheels	
Battery :	24V

Note: The internal dimensions of the carriage(mm):5600*2300*1200, the carriage field grid layout, rectangular square box structure, high quality steel plate production using heavy front hydraulic cylinder, embedded sub beam, bottom cross beam encryption, widened through shaft flip base, cab internal operation hydraulic system, with safety warning audio.
